

A Word from Mr. Wall

Dear Forest View Families,

Happy May! I hope this message finds you and your family well. I'd like to take a second to celebrate some awesome things happening at Forest View.

On May 4th, we had a bike to school day with some awesome turnout. Thanks parents for the extra support you provided to help our students make it safely. Our bike rack has never seen such use!

In April and early May we took our most recent iReady exams. While the results are still coming in, it appears as if our students and staff continue to be amazing, growing, on average, more than a year's worth in reading and math! What a testament to our school, our students, and your support at home.

Bingo Night was a big hit. Thanks to the PTO for organizing and creating such a fun evening. Around 160 people or so showed up to play and win big! What an honor to be a part of such a dedicated school community.

Field Day

It's back! Mr. David and many staff members are working hard to organize a return to Field Day on May 23rd (May 24th rain day). For those who might not know, Field Day is an event where students participate in many games and activities they've learned throughout the year. It's a fun way to celebrate their learning, get outside for additional exercise, and have fun together as a community.

Registration for the 2022-23 School Year

If are a returning student and you have not yet [registered](#), please do so as soon as possible. We will begin working on class placements for next year soon. If you will be moving out of the Forest View area please contact the office.

Last Day

Our last day of school this year will be May 25th. Like all Wednesdays, this will be a 1 hour early release (school is out at 2:35).

Little Owls' Night

For families with incoming registered kindergarten students for the 2022-2023 school year, we're holding a Kindergarten Information Night on May 19th from 6-7pm. At the event, parents will be able to hear information about how the school works, get their questions answered, and meet the principals. Students will be able to get to see some of the kindergarten classrooms, complete fun activities, and get to know a few teachers before they even start. Everyone will then have a building tour. Please RSVP [here](#) if you're planning on coming and, if you haven't already, complete your registration prior to the event (contact our office at 847-593-4359 with registration questions).

Thank you

Lastly, the staff would like to thank all the families that spoiled them with food and gift cards. It made their week!

All the best,
Mr. Wall
Ms. Woemmel
